The Ballroom

The Ballroom is the Grandest Room in the house. It is the ideal environment for any event from corporate entertaining, private dinners, wedding receptions, Press Viewings, Book Launches, Seminars, Lunches, etc.

Two period fireplaces at either end of the dining room add an inviting sense of warmth to any dining experience or cocktail reception. Early European Tapestries depicting renaissance scenes embellish the walls of the room endorsing the period feel of the space. Added to this are 17th century Abusson carpets in the style of Louis IXV and an array of baroque gilded salon chairs and other period furniture and objeda. All the rooms are designed in the same style as the main dining room offering a visual continuity of the 3 spaces when used as a whole. If used for a drinks and canapés reception BBB advises that 120 guests would be comfortable.
